---	---	---	-----	-----	-----	-----	-----	-----	-----	-----	-----	-----	-----	-----

Use a stop-watch (or wristwatch) to time your student at least 5 times in saying the 7 new vocabulary words. Place an “x” on the student’s time in the box above. Timing should continue until student can say the list words in 4 to 5 seconds. The repetition and concentration used in this SKILL has been shown to dramatically increase the ability of students to permanently learn the list words.

Along with vocabulary mastery, reading fluency (*reading words quickly - easily and smoothly*) has also been shown to be essential for achieving maximum reading comprehension in reading textbooks and tests. By insuring your student can say the above list words in under 5 seconds, fluency will increase significantly when reading in school textbooks and tests.
